PROFESSIONAL PROFILE

Highly motivated aspiring **Engineering Student** with a little foundation in problem-solving and a passion for innovation. Eager to apply analytical abilities and learn new technologies to contribute effectively to engineering challenges. **Committed to developing practical skills and seeking opportunities** to gain hands-on experience in the field.

EXPERIENCE

Forage – Deloitte

Virtual intern [NOV- 2025]

- **Completed a Technology Job Simulation**, gaining hands-on exposure to **software development workflows** and industry-standard practices.
- Applied programming and problem-solving skills to complete real-world technical tasks and coding challenges.
- Developed and tested solutions by following a structured **software development lifecycle** approach.
- Collaborated in simulated workplace scenarios, enhancing **teamwork, communication, and professional skills**.

Forage – TATA

Virtual intern [NOV- 2025]

- **Completed a Data Visualization Job Simulation**, gaining hands-on experience in transforming raw data into meaningful insights.
- Created **interactive dashboards and visualizations** to effectively communicate complex data trends and patterns.
- Applied **data analysis and visualization techniques** to support data-driven decision-making. Utilized visualization tools to design clear, impactful, user-friendly reports.

EDUCATION

- | | |
|--|---------------|
| • B-Tech in Computer Science and Engineering | 2024-2028 |
| SR University, Warangal | CGPA: 9.20/10 |

LANGUAGES

- English
- Telugu

TECHNICAL SKILLS

- Programming - Python, C
- Web Technologies - HTML, CSS, JavaScript
- Databases - MySQL, MongoDB
- Libraries – NumPy, Plotly, Matplotlib
- Tools - Git, VS Code, Jupiter Notebook
- Core Concepts - Data Structures & Algorithms, Data analytics and Cloud Computing
- Soft skills - Communication Skills, Team Collaboration, Leadership, Time Management

PROJECTS

- **Portfolio Website**
 - Developed a [responsive portfolio website](#) to showcase projects, technical skills, certifications, and achievements in a professional manner.
 - Designed a [modern and user-friendly interface](#) with seamless navigation and cross-device compatibility to enhance user experience.
- **AI-Based Quiz Generation Platform**
 - Developed an [AI-powered system to generate quizzes](#) based on topics and difficulty levels
 - Improved personalized learning experience using dynamic question generation
- **Online Food Ordering System**
 - Built a [web-based platform for users to browse menus](#) and place orders
 - Designed backend logic to manage orders efficiently
- **Retail Sales Forecasting Visualization**
 - Analyzed [historical sales data to predict](#) trends and seasonal demand
 - Created interactive dashboards for decision-making

CERTIFICATIONS

- AI & ML, Prompt Engineering - [Infosys Springboard](#)
- Networking Basics - [Cisco Networking Academy](#)
- Cloud Foundations & Cloud Web Application Builder - [AWS Academy](#)
- Generative AI, Git & GitHub - [Google](#)
- Full-Stack & GenAI Web Development - [Coursera](#)

ACHIEVEMENTS

- [Honored twice as a semester topper](#) for achieving the highest academic performance in the program
- [Developed projects](#) in data analytics, machine learning and full stack development
- Actively [practicing coding problems on Leet Code](#) to enhance problem-solving abilities and Data Structures & Algorithms knowledge.
